

Color enhancer for polished surfaces

Color enhancing protector for new or faded ceramic. Useful for tiles with color tone defects or to hide marks.

Coverage: 1 litre for approx. 30-40 m² depending on the finish of the surface and on its absorption.

Strong Points

- Revives the natural color of the surface
- Not film forming
- Does not turn yellow
- Protects from dirt
- Water repellent
- Anti stain
- Anti oil
- Makes the cleaning easier
- Food contact compatible
- Hides weaknesses of the surface
- Suitable for new surfaces with color unevenness
- Suitable for restoration of old surfaces

Application

SHAKE BEFORE USING

READY TO USE PRODUCT, DO NOT DILUTE.

On clean and dry surfaces apply CER COLOR directly onto the surface and spread it out evenly with a microfiber cloth with circular motions. Apply 1 coat and depending on the absorption and on the desired effect apply a 2nd coat if needed. We recommend to apply small quantities of product in more coats instead of one copious coat. The surface dries after 5 or 6 hours and can be walked on after about 1 day. On less porous surfaces there might be a very light residue left, which can be easily removed by a cloth or polishing machine. Wait at least 48/72 hours before carrying out staining tests, so to allow the product to dry in the porosity of the surface.

For the ordinary maintenance of the treated surface we recommend the regular use of CER CLEAN detergent.

Warnings

Before using the product, read the toxicological data sheet (MSDS) and the label detailing all risks and the personal protective equipment to be used for a correct use. The data of this technical data sheet is based on reliable information. Despite of this, the manufacturer can't know in advance the condition of the materials to be processed and the way of use of the product. Therefore, he disclaims any and all responsibility for damage arising from inadequacy of the product for special applications.

Before treating or cleaning surfaces, carry out a test on an invisible point to prevent possible damages, since our responsibility is limited to the warranty of the purchased product and therefore we disclaim any responsibility for damages resulting from negligence or wrong use.

Packaging and Storage

Keep the original, sealed container in covered, ventilated, dry environment and keep away from heat or low temperatures. After the use keep the package well closed, so the product has a shelf life of approx. 36 months.
