

CER CLEAN MARKS

Strong acid cleaner for ceramic

Acid cleaner for elimination of marks due to the bottom of the tiles in the packaging.

Coverage: 1 litre for approx. 15-20 m2 depending on the finish of the surface and on the dirt.

Strong points

- Water dilutable concentrate
- Cement and building site dirt cleaner
- Buffered acid
- Does not produce harmful fumes

Application

SHAKE BEFORE USING CONCENTRATED PRODUCT.

Dilution: - light dirt: 1 litre of CER CLEAN MARKS in 4-5 litres of water.

- heavy dirt: 1 litre of CER CLEAN MARKS in 1-2 litres of water.

Check the most suitable dilution in a small area to be cleaned to find the specific solution.

Manual cleaning: Pour the solution directly on the floor, allow to act for some minutes, rub with a scrubbing brush, suck up the dirt with a water vacuum, rinse out with water. Do not allow CER CLEAN MARKS to dry on the surface, since it could leave undesired marks.

Cleaning with machines: Pour the solution directly on the floor, allow to act for some minutes, rub with a cleaning machine using suitable discs or brushes, suck up the dirt with a water vacuum, rinse out with water. Do not allow CER CLEAN MARKS to dry on the surface, since it could leave undesired marks.

Warnings

Before using the product, read the toxicological data sheet (MSDS) and the label detailing all risks and the personal protective equipment to be used for a correct use. The data of this technical data sheet is based on reliable information. Despite of this, the manufacturer can't know in advance the condition of the materials to be processed and the way of use of the product. Therefore, he disclaims any and all responsibility for damage arising from inadequacy of the product for special applications.

Before treating or cleaning surfaces, carry out a test on an invisible point to prevent possible damages, since our responsibility is limited to the warranty of the purchased product and therefore we disclaim any responsibility for damages resulting from negligence or wrong use.

Packaging and Storage

Keep the original, sealed container in covered, ventilated, dry environment and keep away from heat or low temperatures. After the use keep the package well closed, so the product has a shelf life of approx. 36 months.
