

MGT 7 K

Waterproofing sealer. SOLVENT FREE

Ecological water repellent sealer for natural stone, marble, granite, terracotta, agglomerates, brick, concrete and any kind of absorbing outdoor floors or coatings.

Coverage: 1 litre for approx. 8 - 10 m² depending on the finish of the surface and on its absorption.

Strong Points

- Water repellent
- Not film forming
- Does not turn yellow
- Easy application
- Suitable for outdoor
- Prevents formation of moss
- Solvent free
- Eco-friendly
- Safe for the user

 Solvent Free

Application

SHAKE BEFORE USING

READY TO USE PRODUCT, DO NOT DILUTE.

On clean and dry surfaces spray MGT 7K onto the surface. If the surface is not too rough spread it out evenly with a microfiber cloth or a mop with circular motions. Apply 2 consecutive coats depending on the absorption of the surface. We recommend to apply small quantities of product in several coats instead of one copious coat. Allow to dry.

Warnings

Before using the product, read the toxicological data sheet (MSDS) and the label detailing all risks and the personal protective equipment to be used for a correct use. The data of this technical data sheet is based on reliable information. Despite of this, the manufacturer can't know in advance the condition of the materials to be processed and the way of use of the product. Therefore, he disclaims any and all responsibility for damage arising from inadequacy of the product for special applications.

Before treating or cleaning surfaces, carry out a test on an invisible point to prevent possible damages, since our responsibility is limited to the warranty of the purchased product and therefore we disclaim any responsibility for damages resulting from negligence or wrong use.

Packaging and Storage

Keep the original, sealed container in covered, ventilated, dry environment and keep away from heat or low temperatures. After the use keep the package well closed, so the product has a shelf life of approx. 36 months.
Box of 15 x 1 litre bottle – Box of 4 x 5 liter cans
